31<sup>st</sup> March 2017

Dear Parents

Pallister Park Primary School becomes an Academy 1<sup>st</sup> April 2017. The parents and children of Pallister Park should notice no difference whatsoever. We are proud of our school and are forming the Our Children 1<sup>st</sup> Multi Academy Trust to ensure that we continue to provide the same quality of service to you in an ever changing educational climate.

We have included our Vision and Values Statement below for the Multi Academy Trust to reinforce our commitment to you and your children.

As our name suggests, our priority is children fully at the heart of our philosophy, and “We believe that together we can” make a difference creating schools where success is inevitable.

A child’s school years are the most important of their life. The time when they develop the skills they need to succeed. Our Academy Trust will work hard to give every child the very best start we can. We will offer outstanding teaching and learning, exceptional care and support.

We came into the education world because we believed in fairness and equality of opportunity. We also believe that every child should have a happy childhood filled with excitement and wonder.

Our Multi Academy Trust has learning at its heart, teachers who are committed, enthusiastic and innovative to get the best outcomes for all their pupils.

We will provide a team of exceptional staff, supported by committed governors to work with children and parents to create schools in which we can all take pride.

The future of Pallister Park Primary School and the beginning of the Multi Academy Trust provides an exciting opportunity for us all to build on past success and look to the years to come with confidence.

Be assured that the staff and I continue to be totally committed to doing our very best for you and your children.

Yours sincerely

Christine Wain  
Executive Headteacher
